<b>Related Items:</b>				

**Additional Backup Information**

This work will be performed under an Indefinite Delivery/Indefinite Quantity (IDIQ) contract to provide emergency response services as well as non-emergency improvements for components of the Austin Water Utility system. This contract will be used for infrastructure improvements at multiple project locations including lift stations, pump stations, reservoirs, treatment plants, etc. This includes work for emergency repairs and infrastructure improvements. The IDIQ contract documents include engineered, standard details, specifications, and estimated quantities of work anticipated under the contract.

As identified project locations and individual scopes are further defined, specific work assignments will be given to the contractor. Work performed under this contract will be entirely within the Austin Water Utility service area. This project will be managed by the Public Works Department.

Peabody General Contractors, Inc. is located in Dripping Springs, Texas.
